
A multimedia specialist focusing on media production for communication purposes. Experienced in video production and editing with 5+ years of experience in working on productions for corporate style clients and 2+ years of experience in web including design, development, management, analytics, & social media. Technically savvy with experience in Final Cut Studio, Adobe Creative Suite, & productivity applications.

Experience July 2011 – Present
[Undergraduate Associate, Video Editing Co-Op](#) || Disney Interactive Media Group
Supports the internal communities team in helping to streamline communication, enable knowledge sharing, and improve person-to-person collaboration through videos and web media.

February 2006 – July 2011
[Video Editor & Multimedia Specialist](#) || Randy Witt Productions
Worked closely with the Director/Executive Producer in the creation of videos in all areas of production including pre-production and post-production. Additional responsibilities included DVD creation, web production and management, graphical design, and various office duties.

February 2011 – May 2011
[Student Assistant – Digital Media](#) || California State University, Northridge
Worked with the University’s technical team to help in the front-end development of a class management system which utilizes HTML, CSS, and PHP. Also takes part in the production, editing, and delivery of short videos as needed by professors of the university.

September 2010 - January 2011
[Casting Editor Intern](#) || Extreme Makeover: Home Edition
Worked closely with the casting department, utilizing Final Cut Pro to produce “pitch videos” which summarized the story of the families who applied for the show. Additionally worked with the marketing department to edit marketing web videos for the show along with a promotional video presented at a convention.

November 2005 – September 2009
[Videographer/Video Editor](#) || F/8 Imaging
Assisted in the launch of the company in 2005 with responsibilities in the production of event videos. This included the video taping of an event, editing, and creation of delivery products for a client. Additional responsibilities included photography related tasks, website design and management, and creation of graphics for deliverable materials.

May 2005 – July 2011
[Video Editor/Photography/Web](#) || Freelance
Provided freelance services in multimedia production including video production and editing, photography and digital imaging, Web design, development, and management, and consultation services.
